

**1 June 2022**

## **Notice of Elgin Flameproofing continuing as a business and future developments.**

The purpose of this notice is to inform all our customers that Elgin Flameproofing will continue to operate as normal.

Coalseam Hydraulic and Mining Supplies (Pty) Ltd are in the process of acquiring 100% of Diesel Flameproof Equipment (Pty) Ltd trading as Elgin and formal communication in this regard will follow in due course. We are looking forward in continuing to provide our range of products and flameproof expertise to our customers. Both Coalseam and Elgin Flameproofing are well known in the Coal mining industry, and we believe that this venture will result in an increase in our product range and aftermarket support that will benefit all our customers.

Elgin Flameproofing will relocate to the Coalseam premises, 32 Patrick Rd. Jet Park, at the end of July 2022 where they will have access to our state-of-the-art equipment and inhouse services. We believe this will lead to improved turnaround times that are critical to our client service offering.

For any enquiries, please feel free to contact us.

**Telephone numbers: 011 397 6030 and 011 397 6031.**
